Welcome to the EduNation Islands homepage.

The EduNation islands are focused on the potential for Virtual Worlds (VWs) to enhance the language learning process and is maintained by a community of educators who contribute towards paying for the rent of the islands in Second Life.

The three owners Randall Sadler [Randall Renoir], Heike Philp [Gwen Gwasi] and Paul East as well as ever present Carol Rainbow (see [contact information](#)) dedicate their time and resources to provide this virtual space in a not-for-profit manner.

This includes the use of Virtual Worlds like Second Life for the purpose of:

- Virtual World Telecollaboration
- Educational Simulations
- Virtual Classrooms
- Class Exchanges
- and much more
