FLNW 4 - Brazil

The Braztesol (<http://www.braztesol.org.br/site/view.asp>) national convention will be in Sao Paulo from July 19-22 2010 so it would be nice to organize the trip around this time (either before or after). As EduTech SIG coordinator (<http://www.braztesol.org.br/site/view.asp?p=26>) I was hoping some of you may want to participate in the pre-conference event on 19th - lend a hand and some reflection on the state of technology and application in ELT. We could organize an unconference and a couple of workshops (premises permitting). Our tag #FLNW4

July corresponds to the winter academic holidays here in Brazil so not sure we will be able to visit educational institutions unless we plan and organize meetings/ an event well ahead. My idea is to allow the group to make contact with and view a cross-section of local educational/cultural networks and projects and how/what kind of technology/approaches are being used to make them happen.

Calendar for July 2010

Best dates: arrive on 17th/18th (to give you time to recover from the jet lag) , finish trip on 28th. Some may want to stay over on 30th and 31st to do some more visiting over the weekend.
